

## Radio Link Except Telecommand

| Parameter                           | Value        |
|-------------------------------------|--------------|
| Orbital Altitude                    | 500km        |
| The distance at 35 Degree elevation | 815 km       |
| Frequency                           | 436.6 MHz    |
| Free Space Path Loss                | 143.472 dB   |
| Uplink Transmit Power               | 11.5 dBW     |
| Transmit Antenna Gain               | 3 dBi        |
| Antenna Transmission Line Loss      | 2 dB         |
| Atmospheric Loss                    | 2 dB         |
| Miscellaneous Loss                  | 2 dB         |
| Receive Antenna Gain                | 2.2 dBi      |
| Receive Sensitivity                 | -140 dBW     |
| <b>Link Margin</b>                  | <b>10 dB</b> |
